

Bonjours chers Blue Knights,

I'm not going to introduce myself because it doesn't matter.
What is important is our club.

My Chapter, Belgium VIII agreed to take on the heavy responsibility of organizing the International Convention 2025 because there were no candidates. We have taken this decision so that the international convention can take place in Europe.

An international convention is not a simple meeting. An international convention is above all an opportunity to meet brothers from all over the world.

At the INTERNATIONAL CONVENTION, the majority of the club's representatives are present. The members of the Board of Directors as well as the members of the Board of Governor. These are the two institutions that run the Blue Knights at the world level.

During the convention:

The presidents will have the chance to participate in the decisions taken for the good management of the club as a whole and to ask questions or present proposals for change within the BK. I

- **All members may express their opinions, wishes and other views at the Board of Governor's meeting.**

It is therefore a chance for you to make your voice heard.

At the international convention we have obligations imposed on us by the regulations of Blue Knights International.

We first wanted to organise the convention in Brussels, which was the initial project. Given the exorbitant prices in the capital, we decided to go to a holiday village in the North of Belgium.

This is the Sunpark centre located in Belgium, in MOL.

After tough discussions, we managed to convince those in charge to make the accommodation available to us.

It should be noted that we do not make any profit, neither on accommodation, nor on drinks, nor on meals. Everything that is paid to Sunpark goes back to Sunpark.

In order to guarantee us the complete rental of the park, we are required to reach 300 accommodations before mid-December, otherwise the entire park will not be available to us and the motorcycles will have to remain in the various car parks.

The 180€ we ask for registration is therefore the only source of income to organize EVERYTHING, room rentals, banquet, BBQ, gifts, live music, DJ.....

We are more than 2500 BK in Europe, more than 800 in the UK IC.

We have tried to have an affordable housing price for all.

Two concrete examples:

Accommodation KM 535: Suitable for 4 people price €616.88 for 5 nights

This means that for 4 people the night costs 30.85 €

For two people €61.69

If we consider the registration fees, it costs you 334.25 € for the entire 5-night meeting, including two meals in activity if you are 4 in a chalet.

If we consider the registration fees, it costs you €488.44 for the entire 5-night meeting, including two meals in activity if you are 2 in a chalet of 4 people, i.e. less than €100 per day.....

All the information is available on the website
